

Use Me

Boy George

Waking up beside you
Felt a slap that made you cry
Nowhere else to hide those
Dirty little thoughts of mine
No angel trying to love you, no way
I wouldn't put that by your side
I ain't, I ain't above you, no
I let my morals take a slide
When you know it's over
Why then waste my time, yeah
When you know it's over
Don't tell me it's just one more mountain to climb

Use me
Use me like you found the time
Use me
Use me 'cause tonight you're mine
No angel trying to love you, no way
I wouldn't put that by your side
I ain't, I ain't above you, no
I let my morals take a slide
When you know it's over
Why then waste my time, yeah
When you know it's over
Don't tell me it's just one more mountain to climb

Use me
Use me like you found the time
Use me
Use me 'cause tonight you're mine
Use me
Use me like you found the time
Use me
Use me 'cause tonight you're mine
Use me
Use me 'cause tonight you're mine
Use me
Use me 'cause you've found the time
Use me
Use me 'cause tonight you're mine

Use me
Use me like you found the time
Use me
Use me 'cause tonight you're mine
Use me
Use me like you found the time
Use me
Use me 'cause tonight you're mine
Use me
