Just in Case

Ronnie Milsap

It's over, I know you're going away
If you can't stay I don't want you too
I won't miss you, no, I don't care where you go
But where you goin' just in case I doI'm glad you've got a friend there in town
And I hope he'll be good to you
Don't you worry, I won't worry 'bout you
But what's the number just in case I doIt's good you're gonna be happy
You're right, it's the right thing to do
And you couldn't really be happy
If you thought I still care for youI know you don't love me anymore
Well, that's all right 'cause I don't love you
And I don't care if you'll ever come back again
But I'll be here just in case you do
Yeah, I'll be here just in case you do
