

# Don't Let Me Down

Leona Lewis

Walking the road  
Looking both ways I don't know which way to go  
And what do I count on  
Is it the road less traveled or the one I already know?  
And no, I'm not traveling alone  
I got my heart in my hand  
And you can bet I'm holding it close  
Don't wanna climb, don't wanna fall  
Don't know where to start it all  
I can start by taking it slow  
First I need a hero, I got a mirror  
Looking inside of my soul  
If I need a hero, I got my mirror  
Gotta go on with the show  
I got my ear to the ground  
That's the sound of my train coming 'round  
This is a chance for us to be heard loud  
It's you and me and it's our time now  
Don't let me down  
Don't let me down  
Don't let me down now  
Don't let me down  
Don't let me down now  
People, this is what you're living your life for  
Fighter, that's your name, that's your name  
Trying to hide but it's obvious you're a survivor  
Believer, don't let the travel in the road  
That look in your eyes  
Puts fire in the heart of the cold world  
Got a marathon to try again  
I'm not even tryin' to win  
I'm just glad I'm not alone  
First I need a hero, I got a mirror  
Looking inside of my soul, oh  
If I need a hero, I got my mirror  
And I go on with the show  
I got my ear to the ground  
That's the sound of my train coming 'round  
This is a chance for us to be heard loud

It's you and me and it's our time now  
Don't let me down  
Don't you let me down  
Promise you won't let me down  
Don't you let me down  
Promise you won't let me down  
You've been running so alone  
I see you, I see you, oh  
You told me we could change the world  
And I believe it's true, oh  
There's nothing now to hold us down  
I found my pains  
And the sound of your heart led the way  
I got my ear to the ground  
That's the sound of my train coming 'round  
This is a chance for us to be heard loud  
It's you and me and it's our time now  
Don't let me down  
Don't you let me down  
Promise you won't let me down  
Don't you let me down  
Promise you won't let me down  
Don't let me down now  
Don't let me down  
Don't let me down now  
Don't let me down  
Don't let me down now
