I'm a Mess

Murmurs

I'm such a drag wish that I could disappear
I just smoked myself right into this chair
I've had no revelations, got no future plans
So many expectations and no one understandsI'm a mess
I'm a mess
I'm a messI ruin everything, it's never enough
Got a tired alter-ego, that's always giving up
I used to be the girl that everybody loved
And now I'm just too muchI'm a mess
I'm a mess
I'm a mess
I'm a messAnd I'm crying all the time
How bad can it be?
I wish that I was dead, temporarilyI'm a messI'm bored with myself, I'm tired of this life
I'm falling apart, can't even take advice
I'm so gone, I need my prescription to relax
Now I'm wasted like the restI'm a mess
I'm a mess
I'm a mess
I'm a mess
