

Rockin' to the Music

Black Box

Woh ho ho
Yeah he yeah
Just rockin' to the music...
Dance... Dance...I know it's foolish but I like your touch
It keeps me movin' till I've had enough
You're on a pedestal, I felt so alone
Watcha gonna do for me
Won't you come along and...I'm always busy tryin' to catch your eye
'Cause I just need you an' it ain't no lie
This night is calling, I won't let it go
Watcha gonna do for me
Won't you come along and...Ask me how I'm feelin'
Doing this way
Feelin' fineAsk me how's the feeling
I say it's allright
Just allrightNow we've got a feeling
Don't let it fade
Fade awayAsk me how's I'm feeling
I'm feelin' grand
Feelin' grand
