

# Not Today

Kelly Clarkson

Everybody says, you're no good for me  
Nothin' but trouble is what you bring  
Everybody thinks, you're out to get me  
Helpless little fool they must think I am  
Everybody thinks, that we're both crazy  
Well, it's just my luck  
Is anybody out there?  
I'm standing here all alone  
And I, I just don't know  
Is anybody this weird?  
Will someone ever get  
My twisted thoughts, my ways  
I guess not today  
Everybody says I'm no good for you  
Nothin' but trouble is what I bring  
Everybody thinks I'm out to get you  
Well, it's just my luck  
Is anybody out there?  
I'm standing here all alone  
And I, I just don't know  
Is anybody this weird?  
Will someone ever get  
My twisted thoughts, my ways  
I guess not today  
You look like a mess, I'd like to know  
How 'bout movin' just a little closer?  
I think maybe one day  
I, I could love you  
Is anybody out there?  
I'm standing here all alone  
And I, I just don't know  
Is anybody this weird?  
Will someone ever get  
My twisted thoughts, my ways  
I guess not today  
Not today  
I guess, not today  
Not today  
Not today
