

# Change

**Dawn Richard**

I don't know if he knows he's a diamond in the rough  
Cause he used to me showing him that he's not enough  
Need to start showing him everyday  
If he was religion I'd be the faith  
(Chorus)

Things ain't change ain't change still the same  
Ain't change ain't change still the same  
I still love you, like the angels do  
It ain't change ain't change still the same  
Ain't change ain't change still the same  
I still love you like I'm suppose to  
(Verse 2)

Oh God  
I pray he hears this, I want him to feel it  
I wont see daylight if it aint right  
I wont let you go tonight  
'Til you see love in my eyes  
Oh you know I'm really try  
I aint letting you go  
I won't let you walk out that door  
Know I need to handle things that I am really use to babe  
I'll work on it baby  
(Chorus)

Things ain't change ain't change still the same  
Ain't change ain't change still the same  
I still love you like the angels do  
It ain't change ain't change still the same  
Ain't change ain't change still the same  
I still love you like I suppose to  
Ahh Ehh Ahh Ooooooooooooo
