

Tolerance

Corkscrew

The still and silence is torn with violence
A loud breaking sound in the night is made
 Hear it grow, hear it fade
The sound you're hearing, the sound you're fearing
 Is the hate that parades up and down our streets
 Coming within bounds and within reach
 Now, inside the place we hide away
 We hear it near and hope it turns away
 Turn away
There's something seething in the air we're breathing
 We learn slash and burn is the method to use
 Set a flame, burn it new
 We're overpowered
 We kneel, we cower, we cover our heads
 Feel the threat of blows that will come
 And the damage that will be done in it's wake
 Now, inside the place we hide away
 We hear it near although it's miles away
 We hear it near and hope it turns away
 Turn away
 This house divided, we live inside it
Hate's dwelling place is behind our door in fitful nights
 Hear it walk the floor and hear it rave
 As it moans and drags along it's ball and chain
 As it moves through this house it can't escape
 Now inside the place we hide away
 We hear it near and hope it turns away
 Turn away, turn away, turn away
 Turn away, turn away
