Just Feels Good

Thompson Square

Tom Petty said it best when he said
"Oh my my, oh hell yes"
What that means is anybody's guess
But I couldn't care less
When it's cranking on my radioDriving slow down an old dirt road
Going nowhere, where no one goes
I got my doggone dog in the back
It's a waste of time, it's a waste of gasBut it just feels good
Just like it should
What's right is right
And I wouldn't try to change it if I could
It just feels goodAin't no rhyme or reason why my baby calls me baby
But when she calls me baby, man it really drives me crazy
And I ain't really giving a damn why she loves me oh
I ain't gotta give it a name,
All I gotta knowIt just feels good
Just like it should
What's right is right
And I wouldn't try to change it if I could
It just feels good
It just feels goodI like the highway on a Friday
'Cause tonight I'm gonna party
And you know I'm already half way there
I like rocking to the band in the grandstand
Standing with my hands waving up in the airIt just feels good
Just like it should
What's right is right
And I wouldn't try to change it if I could
It just feels good
It just feels good
