

Ride This Rocket

Steve Wariner

Hey Hey what planet are we on
Everything seems wrong
Hey Hey tired of trying to survive
Living half alive[Chorus:]
I'm ready to ride this rocket baby come with me
To the other side of heaven our own galaxy
A million miles from anywhere
All we need is out of here
Let's go put some stardust in our pocket
Ready to ride this rocketSomeday wrong will turn to right
We will win this fight
But today all I want to do
Is just get away with you[Chorus]Turbo on this baby blue corvette
Red wine a blanket are you set
Oh there ain't no way to stop it
Are you ready to ride this rocketAre you ready to ride this rocket baby come with me
To the other side of heaven our own galaxy
I'm choking in this atmosphere
All we need is out of here
Let's go put some stardust in our pocket
Are you ready to ride this rocket
