# Stand Up And Sing

## Kool & The Gang

Everybody stand up and sing, and say I love you
Stand on up and sing
Everybody stand up and sing, and say I love you
Oh yeahTake this time to open your heart
Show your feelings right from the start
Now is the time to spread love around
Show your thanks when your dreams are foundThat's why I'm saying
Everybody stand up and sing, and say I love you
Stand on up and sing
Everybody stand up and sing, yeah and say I love ya
Oh yeahLook around at the world, it's so fine
All these things were made for you and I
If you try a little piece, you will see
That it was meant for you, and it was meant for meThat's why I'm saying
Everybody stand up and sing, and say I love you
To the one you love, yeah
Everybody stand up and sing, and say I love you
Come onLive your life and love who you are
'Cause all of us were born to go far
Spread your love around everywhere
Let somebody know that you care, babySome people think that they got it so hard
But all of us were born to be stars
Now's the time to spread love around
Show your thanks when your dreams are foundAnd that's why I'm saying
Everybody stand up and sing, and say I love you
Raise your voice and sing
Everybody stand up and sing, and say I love you
Oh yeahOh, stand up and sing, and say I love you
Stand up and sing, say I love you
Stand up and sing, and say I love yaOh, oh, oh, oh, let it ring
Oh, oh, oh, oh, from your heart
Oh, oh, oh, oh, touch somebody's hand
Oh, oh, oh, oh, and say I love youLook around at the world, it's so fine
All these things were made for you and I
If you try a little piece, you will see
That it was meant for you, and it was meant for meThat's why I'm saying
Everybody stand up and sing, say why, say I love you
Come on
Everybody stand up and sing, say why, say I love you

Stand up, let me singEverybody stand up and sing
Come on and sing along with me, everybody
Everybody stand up and sing
Just stand on, let me sing
Come on, sing along with me and say I love youI love you, I love you
I love you, I love you
Say, I love you
I love you, oh yeah
