

Red Dresses (feat. Wale)

Tsu Surf

Pray that my value is all for unhappy
My heart to lead in the night
Girls in red dresses, high ups and obsesses
I don't know why.

You can only love them for the weekend,
You can only love them for the weekend,
You can only love them for the weekend,
You can only love them for the weekend.

She says so much and I ain't said shit
With that red dress and them red lips
I think 'damn', kind of brown little yellow
But that cute skin tone got a red twist.

Panties for what, where we're going you don't need them
I got a cool you got a friend, she can squeeze in and y'all can stay
But check out at the end, should at least ten
I could talk about a lot, but I swear it will be way better if I showed you
And I mean you kind of wouldn't get secret if I told you
But I tell you, all girls they got have stories come across that I nailed you
I'll start with the head, first quarter get the head, never mind, do what I tell you.

Advancing in the pussy, that's progression,
Thinking four times being left, that's wrestling
Back to back rounds got me sweating
Back to back rounds got me sweating.

Face dripping, red dress,
Back gripping, hair sweat.
Face dripping, red dress,
Back gripping, hair sweat.

(Hook)

Pray that my value is all for unhappy
My heart to lead in the night
Girls in red dresses, high ups and obsesses
I don't know why.

You can only love them for the weekend,
You can only love them for the weekend,
You can only love them for the weekend,
You can only love them for the weekend.
