# Mother Earth, Father God

## Torres

I was born on bloody battleground
To the metal men between two realms
The hungry eyes linger as she twirls
Got hands lifted to heaven
And her toes dipped in hellOh, Mother Earth, oh, Father God
The demons wager on my fall
The greatest trick I ever saw
Was them fooling us to think they were never here at allShould I be held responsible
That it's come to this?
Was I blindsided? After all
I knew beforehand of the kissOh, Mother Earth, oh, Father God
The demons wager on my fall
The greatest trick I ever saw
Was them fooling us to think they were never here at allShould I be held responsible
That it's come to this?
Was I blindsided? After all
I knew beforehand of the kiss
You always warned me of the kiss
I have been betrayed
By the kissOh, Mother Earth, oh, Father God
The demons wager on my fall
The greatest trick I ever saw
Was them fooling us to think they were never here at all
