

Don't Go Nowhere

Ziggy Marley & The Melody Makers

Don't go nowhere
Oh can't you see
That I still care
And my love it is strong With all of my heart I do
With all of my breath I say
Wanting to see you
Each and everyday Some good things are gone
Some are on their way
And I'm telling you
I'm begging you
Please stay Don't go nowhere
Oh can't you see
That I still care
My love yes it strong
Speak no word
Utter no sound
I wanna tell you
I got to tell you
How I'm feeling right now My love is all
My heart is still fond
I mean my hopes and my dreams
Can come true with only one
Don't go nowhere Oh can't you see
That I still care
My love yes I strong
All emotions you will feel I will fill your empty needs
I'm not promising you heaven
But as close as we could be
You're more than a blessing
You're a miracle to me
And I can't do without you
No way
You see you're my everything
So I'm giving in
Don't go nowhere Oh can't you see
That I still care
My love it is strong
Don't go nowhere I need you
Don't go nowhere

I love you
Don't go nowhere
My heart yearns
Don't go nowhere
Can you understand me baby
My love is all
Don't go nowhere
My heart is still fond
Don't go nowhere
Don't go nowhere
You're my only one
