

# Supernatural Love (feat. Big K.R.I.T.)

## Fantasia

You be like  
Seeing the sun the first time  
Like I just did a hard nine  
And knowing that the check just cleared  
You make my problems disappear, oh  
Oh, this love, boy, you too much  
Oh, this love, boy, you too much  
and we in the club and the beat just dropped  
it's what you do to me And you be reading my mind  
And always finish my lines  
You take your time, you don't rush me  
The clock don't move when you would touch me, oh  
Oh, this love, boy, you too much  
Oh, this love, boy, you too much  
and we in the club and the beat just dropped  
it's what you do to me [Chorus]  
I'm a lady, I'm a woman,  
I'm a mother, I'm a daughter.  
But when I'm with you I have powers,  
Supernatural, the love is ours.  
Oh, baby, this how you make me feel,  
Baby, this how you make me feel,  
Baby, this how you make me feel,  
That's what you do to me. And you been changing my life  
The love like gold, but we shine  
It's like you take control of me  
The clock don't tick til you would touch me, oh  
Oh, this love, boy, you too much  
Oh, this love, boy, you too much  
and we in the club and the beat just dropped  
it's what you do to me [Chorus]  
I'm a lady, I'm a woman,  
I'm a mother, I'm a daughter.  
But when I'm with you I have powers,  
Supernatural, the love is ours.  
Oh, baby, this how you make me feel,  
Baby, this how you make me feel,  
Baby, this how you make me feel,  
That's what you do to me. [Big K.R.I.T.]

I'm down to go to war for this love we got  
Fight on the field of light  
Fly above all the shots that haters take  
Why break formation, we own the path  
This shit ain't rocket science  
We should just do the math  
1+1  
It equals the world and all those things beyond  
If it gets harder to breathe, I'll be the air in your lungs  
Put my life on the line, I do you right every time  
Cuz what we got is sublime, when you shine  
You like this thug ass lady  
But if you ever need shelter from the worries of the world I'm the one that you should run to, baby  
You make me sing a bit  
There's powers in our fingertips  
There ain't no other love like this  
I'll prove it, we do it like knowing all the time shifts  
and adjust to our rhythms when undercover  
I know you the type of queen I would take to meet my mother  
and the type of freak that will get me into trouble[Chorus]  
I'm a lady, I'm a woman,  
I'm a mother, I'm a daughter.  
But when I'm with you I have powers,  
Supernatural, the love is ours.  
Oh, baby, this how you make me feel,  
Baby, this how you make me feel,  
Baby, this how you make me feel,  
That's what you do to me.
