Not So Different At All

Max Schneider

[Verse 1:]The bright lights is flashin'
I'm surrounded by madness
Yellow cabs is passing
I'm just try'na make it
Something special to me
Change falls at my feet
Big dreams of Hollywood
Won't you come take a closer look
[Chorus:]I'm seeing the bright lights
The fancy cars
Cover of magazines, that's what I want
But if you can look inside my heart then
You will see
Come a little bit closer
We're not so different at all
At all [x2]
Hey, we're not so different at all
At all [x2]
Heyy, we're not so different at all
[Verse 2:]You looking at me tell me what you see
You should know we're not so different at all
Let's shoot for the stars
I think we'll go far
Believe me cuz we're not so different
I see you on the big screen
You see me chasing my dream
We kinda do the same thing
We're not so different are we?
It's nothing to it together we could do this
It's only just a matter [x3] of time
[Chorus:]I'm seeing the bright lights
The fancy cars
Cover of magazines, that's what I want
But if you can look inside my heart then
You will see
Come a little bit closer
We're not so different at all
At all [x2]

Hey, we're not so different at all

At all [x2]
Heyy, we're not so different at all
[Verse 3:]I'm looking at you we're singing it through
Don't you see we're not so different at all
I know where I'm from a kid from the slums
Hope you see we're not so different
My music's on the corner
Your music's got me on yah
It plays through out the city
And I don't think I'm dreaming baby
I'm gonna do it pursue my dream and use it
It's only just a matter [x3] of time
[Chorus (different):]I see the bright lights
The fancy cars
I'mma live my dream gonna go real far
If you look inside my heart then you'll see
So come a little bit closer
We're not so different at all
At all
We're not so different at all
At all
We're not so different at all
[Hook:]What's up I'm dreaming
I'm living it up
It's true I love what I do yeah huh
No I'm never giving it up
Throw me the ball I'll hit it out the park
Just a little light try'na get out the dark
And even when I shine I never stop
Yeah [x2] Darkchild
[Ending Chorus:]I see the bright lights
The fancy cars
I'mma live my dream gonna go real far
If you look inside my heart then you'll see
So come a little bit closer
We're not so different at all
At all
We're not so different at all
At all
We're not so different at all
