

Droppin' Plates

Disturbed

Well, here we go again, get up
A little somethin' for your ear hole, get up
Baring a part of my soul again, get up
Disturbed in the house, we're droppin' plates You said it couldn't be done told me that
It's the kind of battle that just couldn't be won
You know you're too sick, too hard, too fucked in the head
You'll never make it, no, not in this lifetime Well, guess again my friend don't act surprised
We got the bass drum kick that will blow out your eyes
'Cause when you hear this shit you'll get to steppin'
Gonna fight the war and use my music as a weapon You know I'm talkin' 'bout recognition
You know I'm talkin' 'bout vindication Another goddamn slap in the face
Don't wanna give us a place
Are you afraid? Well, fear this 'cause I'm breakin' through the walls
Of your nightmare, wake up time to die
The way I'm livin' there is no compromising it
Better get ready for another surprise And it may leave a mark
Because I'm coming fast
Plantin' thoughts in your mind
And droppin' plates on your ass Well, here I come
I'm droppin' plates on your ass, bitch
You never mind and you don't need this Said, here I come
I'm droppin' plates on your ass, bitch
You never mind and you don't need Well, on your mark, here we go again
Well, never mind 'cause you're not number one
You're too hard and from the other side
I think it's time to bring it home again
Right to me Well, on your mark, here we go again
Well, never mind 'cause you're not number one
You're too hard and from the other side
I think it's time to bring it home again
Right to me You know I'm talkin' 'bout recognition
You know I'm talkin' 'bout vindication Well, here I come
I'm droppin' plates on your ass
Well, here I come
I'm droppin' plates on your ass Say here I come
I'm droppin' plates on your ass
Now, here I come
I'm droppin' plates on your ass Plates on your ass, bitch
Plates on our ass Well, here I come I'm dropping plates

I'm dropping plates
Plates on your ass, bitch
Plates on your ass Here I come I'm dropping plates
And I'm dropping plates
And then
Well on your mark, now Here we go again I'm dropping plates I use my music my weapon
I'm dropping plates
We blew the walls of your nightmare
I'm dropping plates
Well, here we go we're dropping plates
