

# Non Typical

Chuck Ragan

Unequivocal, my heart just nearly stopped  
My mind was blown when my whole world fell apart  
I was powerless to simply coalesce  
What befell, I said all that came to pass Well I, I need you  
Like I need all my blood and my breath  
Swallow the sentimental truth  
And it'll never be "as good as it gets" Non-typical, it's really something else  
When one is back into the call of what's wild and raw  
Infatuation turned desire  
Into devotion, rectify my fire Well I, I need you  
Like I need all my blood and my breath  
Swallow the sentimental truth  
And it'll never be "as good as it gets" Unequivocal, non-typical We've got a choice, we've got a voice  
And the will to walk out alone with our armies  
Well, let the bad blood run, and everything in the past be gone  
It'll all feel like a dream  
Feel like a dream Well I, I need you  
Like I need all my blood and my breath  
Swallow the sentimental truth  
And it'll never be "as good as it gets" Well I, I need you  
Like I need all my blood and my breath  
Swallow the sentimental truth  
And it'll never be "as good as it gets" We can always build a world better than this  
We can always build a world better than
