

Magnets - A-Trak Remix

Disclosure

Never really felt bad about it
As we drank deep from a lie
Cause I felt melting magnets babe
The second I saw you through half-shut eyes
Smoke and sunset, off Mulholland
He was talking, I was wondering 'bout
You and that girl, she your girlfriend?
Face from heaven, bet the world she don't know
Pretty girls don't know the things that I know
Walk my way, I'll share the things that you want
Uh-oh, dancin' past the point of no return
Let go, we can free ourselves of all we've learned
I love this secret language that we're speaking
Say it to me, let's embrace the point of no return
Let's embrace the point of no return
Let's embrace the point of no return
Never really thought we would make it
We be thinking about what could have been
But we've had a record summer, can't turn it down, oh
Now I don't wanna see the envy again
Smoke and sunset, off Mulholland
He was talking, I was wondering 'bout
You and that girl, she your girlfriend?
Face from heaven, bet the world she don't know
Pretty girls don't know the things that I know
Walk my way, I'll share the things that you want
Uh-oh, dancin' past the point of no return
Let go, we can free ourselves of all we've learned
I love this secret language that we're speaking
Say it to me, let's embrace the point of no return
Let's embrace the point of no return
