

Time Gets Us All

Art in Manila

Oh time, time gets us all
Oh time, time gets us allThere was a day
When our love was all we had
One kiss and the ocean
Swallowed us in the abyssBut you, you had to turn away
That was all you had to say
And now I found another love
And you say it was a mistakeOh time, time gets us all
Oh time, time gets us all
Oh time, time gets us all
Oh time, time gets us all
