

Away We Go

Valencia

And away we go
And I hope that you know
That one day, we will all be aloneHolding on to broken hearts
Memories are what's left of us
You're trying to hard to be my friendAnd I'm placing all our pictures
In these broken frames
To remind me never fall in love againI'm sorry won't cut it for the rest of your life
Get over yourself and say goodbye
I hope you realize you threw away
The best thing that ever happened to youForget my name and forget my face
Hope you get on a plane and forget this place
So I never have to deal with you againAnd away we go
And I hope that you know
That one day, we will all be aloneMaybe now I'll figure out
That life is one big question
How am I supposed to grow
When I'm stuck inside this stateWell, I'll never know
You're falling faster then the shooting star
You wished your body on
(Your body on)I'm sorry won't cut it for the rest of your life
Get over yourself and say goodbye
I hope you realize you threw away
The best thing that ever happened to youForget my name and forget my face
Hope you get on a plane and forget this place
So I never have to deal with you againAnd I never felt so high as my back is to the ground
And we're starting at the stars making faces at the clouds
But all those days are gone the memories put to rest
And if you want to see my youth
You're gonna have to dig deep in my chestI'm sorry won't cut it for the rest of your life
Get over yourself and say goodbye
I hope you realize you threw away
The best thing that ever happened to youForget my name, forget my face
So I never have to deal with you again
