Away We Go

Valencia

And away we go

And I hope that you know

That one day, we will all be aloneHolding on to broken hearts

Memories are what's left of us

You're trying to hard to be my friendAnd I'm placing all our pictures

In these broken frames

To remind me never fall in love againI'm sorry won't cut it for the rest of your life

Get over yourself and say goodbye

I hope you realize you threw away

The best thing that ever happened to youForget my name and forget my face

Hope you get on a plane and forget this place

So I never have to deal with you againAnd away we go

And I hope that you know

That one day, we will all be aloneMaybe now I'll figure out

That life is one big question

How am I supposed to grow

When I'm stuck inside this stateWell, I'll never know

You're falling faster then the shooting star

You wished your body on

(Your body on)I'm sorry won't cut it for the rest of your life

Get over yourself and say goodbye

I hope you realize you threw away

The best thing that ever happened to youForget my name and forget my face

Hope you get on a plane and forget this place

So I never have to deal with you again And I never felt so high as my back is to the ground

And we're starting at the stars making faces at the clouds

But all those days are gone the memories put to rest

And if you want to see my youth

You're gonna have to dig deep in my chestI'm sorry won't cut it for the rest of your life

Get over yourself and say goodbye

I hope you realize you threw away

The best thing that ever happened to youForget my name, forget my face

So I never have to deal with you again
