

Happy Birthday

Pallaso

Happy Birthday

Pallaso

Team good music.

You look so beautiful tonight(you look so beautiful)

Tonight

Let's celebrate tonight

You are amazing my gal(you are so beautiful)

Tonight

You are the queen

Happy birthday to you

Happy birthday to you

Make a wish make a wish make a wish make a wish make a wish

Amazalibwa amalungi

Amazalibwa amalungi(you know)

Make a wish make a wish make a wish make a wish make a wish

Somebody blow up balloons

Tonight is the only party

We gat nothing to do else

We go wild alike we gat something in the blue

We gat nothing to lose

We might even enough on the news

Ooh somebody give us some bloom

Go work on the small clay the rise

And cover the roof

Tonight am rolling with a home

As happy with my clue

Hit the dance flow breaking the rules

You should join us you know you should

Anyway when the music comes on

Drop everything get up and dance

I wanna see smiling faces

So be happy when you still Have a chance(be happy)

It's your birthday

Ooh get up and dance

Because am nothing like some claim

Been through some pain

Let's pop champagne

Happy birthday to you

Make a wish make a wish make a wish make a wish make a wish make
