Light the Fuse

Deep Blue Something

Advisory - the following lyrics contain explicit language:

We could still wait to see what happens
But judging by the state of things
Nowhere is peace in surplus, God knows.
I don't think that I can watch the news.
Honey wait Cops' is on.
This isn't the world we ordered.
I know, well Honey wait I think that that's our street.CHORUS
If things have gotta change, well that's cool with me
We'll just light the fuse and then get away.
If thangs have gotta change, its cool with me.
Its cool with me.She then extends a despondent hand
I fumble for the remote
I don't really think it's that bad.
We'll never know. It's surprising murder's
not a team sport.
I think it's on channel 9, but its not like they've made
A game show out of sex crimes.
This is America, baby just give it time!REPEAT CHORUSDear I'm feelin' down. We gotta get out now.
Bill won't let us down. He's gonna save us
Somehow.REPEAT CHORUSJust set it off.
