

# Takin' Over The World

## The Pussycat Dolls

I'm taking my time, it's a quarter to three  
I'm clicking my heat

'Cause you know were runnin' the show

I turn around, they slippin' on me  
An I'm looking at boy

Because you already know

Now we don't mess around, you see me with my crew  
You love how we get down

You wanna do it too

We make a perfect team, an boy you know it's true  
So if your wondering here's what we gonna do

[Chorus:]

We'll be buying out the bar, take over the club  
I got what your want, so give it up  
All my girls are don's, still it ain't enough  
Took over the club  
So tonight we gonna take over the world  
Take over the world, take over the world

Can't get enough

So tonight we gonna take over the world  
Baby are you rolling with me  
Might wanna be on my team  
'Cause tonight we gonna take over the world

Getting real close, grab my jeans  
Started pulling me close, grind on me  
Like you want it (want it), my body's like  
A bottle so I flaunt it

Baby you need  
To take me places where them boys hang up

We can move mountains, spend a couple hundred grand tonight  
Who's coming, I ain't told you what it is  
So baby make your move  
'Cause you make your mind, this is what we gonna do

[Chorus:]

Can't get enough

So tonight we gonna take over the world  
Baby are you rolling with me  
Might wanna be on my team  
'Cause tonight we gonna take over the world

The only thing missing is a miss's by your side

Baby aren't you rolling with me (I said)

Want it you can get it, boy just tell me what you like

Baby it ain't a problem

'Cause I get what I need, no it ain't no thing  
Baby that's how it is, when you rolling with the queen

Don't pay attention to them haters that's behind us

[Chorus:]

Can't get enough

So tonight we gonna take over the world  
Baby are you rolling with me  
Might wanna be on my team  
Cause tonight we gonna take over the world
