

The Way Around Is Through

Live

Breaking it was easy, now we'll never know how well it was made.

Seeing it completely opening up, what do we think it contains.

The glare of the sign it's blinding, and there's no way around it, it's mine. Believe tonight we see the truth, the only way around is through. (2x) Running out of leverage, tearing off the roof, Shading my eyes from the light. The glare of the sign is blinding, and they'll have to admit it, it's mine. Believe tonight we see the truth, the only way around is through. (3x)

Believe tonight we see the truth, no other way around is through. I hear the footsteps of past generations, seeing the glory of a previous time.

I look in the mirror and see my reflection there's no way around it, it's mine. Believe tonight we see the truth, the only way around is through.

Believe tonight we see the truth, no other way around is through. Breaking was easy!
