Love Story

Nadia Ali

[Verse 1:]If you ask me, I will say it
You make me smile, it's contagious
And in your eyes, I can see it
Cause your heart is the greatest
[Chorus :]I can't be without you
So don't go anywhere
You show me love like no one else
Has done yet
And with the road ahead
This is the beginning

[Verse 2:]When I'm with you, I am taken
With the feeling that you've been chosen
What a longing, it's the best thing
In a long time I'm not broken
[Chorus :]And I can't be without you
So don't go anywhere
You show me love like no one else
Has done yet
And with the road ahead
This is the beginning
