Only Your Love

Vicky Beeching

I've been hiding
I've been running away
but I am so tired of staying the same
grace is calling
grace is drawing me back home
to You aloneonly Your love changes me
only Your love sets me free
only Your love can take my fear and doubt
and change me from the inside out
(I'ts) only Your loveIn this moment
With a heart wide open
I cry
Come and heal my life
Mercy meets me
I'm completely amazed
I'll never be the sameI am reaching out
So in need of you
Come and heal my life
Come and make me newI am reaching out
So in need of you
Come and heal my heart
Come and make me newHow I love you...(repeat)
