Transformers Theme

Black Lab

Transformers
somethin evil's watchin over you,
comin from the sky above and there's nothin you can do
prepare to strike there'll be no place to run
when you're caught in the grips of the evil Unicron

Transformers
more than meets the eye
Transformers
robots in disguise

breaking off to brave the bravest heart
we have to pull together,
no we cant stay worlds apart
standing by you we will surely fall
until our darkest hour
when the light will save us all

Transformers
more than meets the eye
Transformers
robots in disguise

Transformers

Autobots wage their battle to destroy
the evil forces of ... the decepticons

judgement day and now we our stand
and now the powers of darkness
have been driven from our land
the battle's over
but the war has just begun
and this way it will remain
til the day when all are one

Transformers
more than meets the eye
Transformers
robots in diguise

Transformers

Autobots wage their battle to destroy
the evil forces of ..... the decepticons
