Sweatshop

De Staat

I've been working all damn day in the sweatshop
It will feel like I'm dying but I won't stop
I don't mind, 'cause I'm that kind of guy
I'll pump that iron till the end of time
I've been working all damn day in the sweatshop
I've been going all the way in my tanktop
I don't mind, 'cause I'll be looking fine
I'll pump that iron till the end of time
Ahhh, packing that meat, workin' long hours, on the count of the beat
Ahhh, packing that meat, doin' hard labour, gonna grow like a weed
I've been running in the window of the sweatshop
I've been running for some hours but I won't drop down
I don't mind, 'cause I'll be looking fine
I'm running to nowhere till the end of time
Sweatshop
I've been working all damn day in the sweatshop
Still feels like I'm dying but I won't stop
I don't mind, 'cause I'm gonna shine
I'll pump that iron till the end of time
Sweatshop
Workin' long hours on the count of the beat
