

# Uniform Choice

[Javier Orduña](#)

Give a man a uniform  
He'll give you a hard time  
Educate you about AIDS  
The new moralistic crime  
Things they never dreamed of  
When they were a youth  
No drink, no drugs, no women  
And always tell the absolute goddamn truth  
Goddamn truth!  
Uniform choice!  
Things were really different  
In those far gone days  
No punk, bloody murderer,  
Revolutionaries or gays  
People always knew  
Their own place in life  
To stay at home, have some kids  
And fuck their fucking wife
