

Cold Day In The Sun (Live On Letterman)

Foo Fighters

Take a high dive in to your brain

Made your only cause

Just might wear your welcome out if you don't let It goThere's nothing that you couldn't say Cauze you Said it all before

Think it's time you walked this lonely road all on Your ownSo it's your cold day in the sun

Looks like your bleeding heart has already wonI could take it away

Save you from yourself

You get so lost inside your head like no one else

Looking for someone to blame

Blame me all along

You take the heat but you would never take the FallIt's your cold day in the sun

Looks like your bleeding heart has already wonYou're so afraid that you are the only one

But you are the only one you know

Don't be afraid 'cause you're not the only one

You're not the only one I knowIt's your cold day in the sun

Looks like your bleeding heart has already won

It's your cold day in the sun

Looks like your bleeding heart has already won
