Moneybox

Eliza Doolittle

Instead of goin' out
To dinner tonight
We can grow vegetables
Underneath our skylight
Clickin' these downloads
Everyday has it's price
We can lounge on our couch
And listen to our 45's
So take your Dollar, your Yen
Those Euros I can't spend
I won't get down with no Pounds
Never need to leave this house
Don't need your moneybox
'Cause I got lots and lots
Of what I need right here
Right here with you, my dear
Don't need the cash machine
To make our days happy
So do me a favor
Don't jingle your change sir
Instead of goin'
To the movies tonight
There's no shame in us playin'
Best of that Sega Mega Drive
Hand me your trousers
You got holes in your knees
It's no fuss, patch them up
Forget about that shoppin' spree
So take your Dollar, your Francs
Your Rupees, no thanks
I won't get down with no Pounds
Never need to leave this house
Don't need your moneybox
'Cause I got lots and lots
Of what I need right here
Right here with you, my dear

I know I don't need the cash machine
To make our days happy

So do me a favor
Don't jingle your change sir
Don't have your moneybox
It's not much of a loss
All that dough just goes to waste
'Cause you're worth more anyway
Don't need to travel
'Round London tonight
We can play Monopoly
Buy Mayfair in our own time
So take your Dollar, your Baht
I couldn't give a penny
That's enough, give it out
Never need to leave this house
Don't need your moneybox
'Cause I got lots and lots
Of what I need right here
Right here with you, I know
I know I don't need the cash machine
To make our days happy
So do me a favor
Don't jingle your change sir
Don't need your moneybox
'Cause I got lots and lots
Of what I need right here
Right here with you, I know
I know I don't need the cash machine
To make our days happy
So do me a favor
Don't jingle your change sir
Do me a favor
Don't jingle your change sir
Lovey, lovey, lovey-love
