The Western World

Pennywise

We are the dregs of the western world
The steroid boys and video girls
We are the viral internet stars
And the anchor man can't stop cryingWe are the dead with the dreaded disease
The nuclear sons for you and me
Let's go, all right, all right, let's go
What the fuck are you saying?[Chorus]
Now I don't wanna live here anymore (Gonna watch it burn)
We are the best and we'll fight to the death
'Til nothing's left worth fighting for
In the western worldThis is the end of evolution's rise
The feeding frenzy of the uncivilized
The paparazzi parasites and the vultures can't stop feedingThis is the face of our vanity
The tabloid death of inhumanity
Let's go, all right, all right, let's go
What the fuck are you saying?[Chorus]
Now I don't wanna live here anymore (Gonna watch it burn)
We take the best and we spit out the rest
And always leave them wanting more
In the western worldWe are the dregs of the western world
The steroid boys and video girls
We are the viral internet stars
And the anchor man can't stop lyingWe are the dead with the dreaded disease
The nuclear sons for you and me
Let's go, all right, all right, let's go
What the fuck are you saying?[Chorus]
Now I don't wanna live here anymore (Gonna watch it burn)
We are the best and we'll fight to the death
Until there's nothing left worth fighting for[Chorus]
Now I don't wanna live here anymore (Gonna watch it burn)
We take the best and we spit out the rest
And always leave them wanting more
In the western world
In the western world
In the western world
