

I Swear To God

Young Thug

Sneer attention, tangier for this bitch
You ever play with her, I'ma call that cannon for this bitch
I bought her red bottoms, look how she's stuntin' on this bitch
I ain't DJ Drama but I got that cannon for this bitch And I'm ready to spray, spray, spray, spray
I said I'm ready to spray it
Yeah, on God I'll spray it
I swear to God I'll spray it
I swear to God, I swear to God, I swear to God, I swear to God Know she got me high yeah
She look like Nicki Minaj
Her body ain't got no scars
I swear she ridin' round that dick
Ridin' on that, grindin' on that dick
She pullin' on a nigga's skin, woah
She told me this shit straight up like a pole
Cookin' with no clothes
I'm drinkin' Actavis, I'm drinking Act
Bad pussy, she on that
She want me to cover her face just like a wrap
She worth a fade to her old boyfriend, a rat, yeah
Met her in 901
Got a whole lot of guns, gon' pull up on a nigga like
What the fuck a nigga doin'?
Free on phone, live from the fuckin' zoo
Stretch a nigga's bitch playin' then in the pool
I just want me a new coupe with no roof
I don't wanna talk, I'm so ready to prove
To you that you're ? And I'm ready to spray, spray, spray, spray
I said I'm ready to spray it
Yeah, on God I'll spray it
I swear to God I'll spray it
I swear to God, I swear to God, I swear to God, I swear to God And I'm ready for war and I hope you're ready
for war
But you ready to see see spaghetti
I know that you're ready
I swear I hope that you're ready, I hope you're ready Man I'm pullin' up with this shit
Mama mia, I need quesadillas, I'm here
Nigga pull up like you a ?, check out the Kia
Takin' ice, ? in the bedroom ?
Remy, keep her hair did, never finish bitches envy

How many times I have to tell you they ain't your friends?
Believe it or not, they wanna be in your position
Fill up on woah
Buy me a big old piece of weed weed
Pour a four, now I can't go to sleep sleep, oh
Thuggin' in these streets streets
if I'm lyin', I'm flyin' And I'm ready to spray, spray, spray, spray
I said I'm ready to spray it, yeah
On God I'll spray it
I swear to God I'll spray it
I swear to God, I swear to God, I swear to God, I swear to God
