

Where Are You Now

Union J

Jaymi:

Hey

I guess I wanted you to believe
That nothing really mattered to me
I told myself that if you were gone
I'd just carry on

George:
But trying to move on only hurts
It's one step forward two in reverse

But since the moment I let you leave

Josh:
All I see is you

When I wake up

You, when I talk

You, when I lie down

You, when I walk

You, when I'm sleeping

You, when I try to breathe (You just keep on haunting me)

All:
I'll get over the way that you got over me

I know that I'll make it there eventually

Get my heart to erase somehow

And stop wondering where are you now

If I gave it all to someone else instead
Would you pack your bags and get out of my head?

Someday I won't even look around

I'll stop wondering where are you now

Oh, oh, oh, oh, oh

Jaymi:
I never wear my heart on my sleeve

I was always my enemy

Since the moment I let you leave

Josh:
All I see is you

When I wake up

You, when I talk

You, when I lie down

You, when I walk

You, when I'm sleeping

You, when I try to breathe (You just keep on haunting me)

All:
I'll get over the way that you got over me

I know that I'll make it there eventually

Get my heart to erase somehow

And stop wondering where are you now

If I gave it all to someone else instead
Would you pack your bags and get out of my head?

Someday I won't even look around
I'll stop wondering where are you now Oh, oh, oh, oh, oh
Where are you now
Oh, oh, oh, oh, oh Josh:
All I see is you
When I wake up
You, when I talk
You, when I lie down
You, when I walk
You, when I'm sleeping
You, when I try to breath (You just keep on haunting me) All:
I'll get over the way that you got over me
I know that I'll make it there eventually
Get my heart to erase somehow
And stop wondering where are you now If I gave it all to someone else instead
Would you pack your bags and get out of my head?
Someday I won't even look around
I'll stop wondering where are you now Oh, oh, oh, oh, oh
Where are you now
Oh, oh, oh, oh, oh
Where are you now
