

Fun Day

Stevie Wonder

This is fun day
Yours and my day
This is fun day, dee ooh, wee ooh This is fun day
On a fine day
When the air is filled with tweeting birds that sing
Together in the sun
This is your day
Yours and my day
When you feel the joy of children playing,
Laughing from dusk till dawn
On a day like this you share your joy
With everyone
Share your peace, and share your joy,
And share your love This is fun day
On a fine day
When you feel the urge of getting up to start-up
With the break of dawn
This is your day
Yours and my day
When you turn on your radio and hear the dj
Playing your favorite song
On a day like this not even bad can rub
You wrong
Cause you say it's okay cause it's your day I'm gonna go out to the park
Where you feel the joy in every heart
That's what I need to start each day off right
Oh, I'll find a place for you and me
Underneath the shade of a lover's tree
Fun day should be each day in all our lives This is fun day
Yours and my day
This is fun day, dee ooh, wee ooh This is love day
A celebration
A day on every calendar that's set aside
For everyone to give
This is your day
Such a fun day
I cannot believe a day like this has come
That's if this really is
I'm so very proud to say that for this day I've lived

To see your peace, to see your joy, and to
See your love I'm gonna go out to the park
Where you feel the joy in every heart
That's what I need to start this day off right Oh, I'll find a place for you and me
Underneath the shade of a lover's tree
Fun day should be each day in all our lives This is love day
A celebration
A day on every calendar that's set aside for
Everyone to give Let me solo, let me solo, let me solo...solo
