

# When A Woman's Not Watching

James Otto

First thing he does when he boards the plane  
Is slip off that wedding ring and orders a stiff drink  
There's a blond in the window seat  
She's lookin' good and smiling sweet  
So he gives her a wink you know the rest  
'Cause when a woman's not watching  
A man knows he can get away with murder  
Thinkin' what she don't know won't hurt her  
But he wouldn't deserve her  
If temptation comes and he just can't resist  
If every time she turns her back he steals a kiss  
You'll see the man is  
When a woman's not watching  
Three rows back's another married man  
Who wear's a promise on his left hand for the world to see  
There's a girl comin' on real strong  
But that man's gonna make it home faithfully  
Like any good man would  
'Cause when a woman's not watching  
A man knows he can get away with murder  
Thinkin' what she don't know won't hurt her  
But he wouldn't deserve her  
If temptation comes and he just can't resist  
If every time she turns her back he steals a kiss  
You'll see the man is  
When a woman's not watching  
If temptation comes and he just can't resist  
If every time she turns her back he steals a kiss  
You'll see the man is  
When a woman's not watching
