These Hard Times

NEEDTOBREATHE

Give me something brighter
Give me something I can see
Give me some ambitions
Give me something I can be
Give me all the love and peace
To end these wars
Give me something sacred
Something worth fighting forIt's clear enough to me
The ugliness I see
Is evidence of who I needGive me an answer
Give me the way out
Give me the faith
To believe in these hard timesGive me the answer
Give me the way out
Give me the faith
To believe in these hard timesGive me motivation
Give me all my heart's desires
Show me something gorgeous
Show me 'til my eyes get tired
Give me all the drums and
Show me how to play them loud
Show me how to move
When I can't feel that you're aroundIt's clear enough to me
The ugliness I see
Is evidence of who I needGive me the answer
Give me the way out
Give me the faith
To believe in these hard timesGive me the answer
Give me the way out
Give me the faith
To believe in these hard timesWe hide like thieves in shadows
Scared of the sun
'Cause we know the light will find us
Us and all we've doneGive me an answer
Give me a way out
Give me the faith
To believe in these hard timesGive me the answer
Give me the way out
Give me the faith

To believe in these hard timesGive me the faith to believe in these hard times
