

# BoyRobot

[Simon Curtis](#)

There once was a boy  
Who was made, not created  
He wanted to learn  
He wanted to indulge his senses  
To understand pain  
But most of all  
He wanted to love  
For only when he found true love  
Would he become realHe traveled far and long  
But love eluded him  
The humans that surrounded him  
Complicated the word  
Strove to drive it out of the world altogether  
And this he could not understand  
For what could be more simple  
Than to love and be loved in return?He was made  
With an 8-Bit Heart...
