Superman

Brown Boy

Baby, I know you're hurting right now
But don't worry, I'll be your Superman
I can love you like no one can
I can be your Superman
Just take my hand, let's fly away
I promise I'll be there everyday
Just close your eyes, let's start to fly
I'm gonna love you until I die
Until the day of my death to my very last breath
I'm gonna love you when no one's left
Come fly with me, baby, yeah I'm the one
With the 'S' on my chest, forget about your ex
He don't know what love is, he just failed the test
Plus he don't treat you right, he keeps you crying all night
See, he's like your kryptonite
I came to give you their strength so you can leave him behind
You can start all over, just press 'Rewind'
'Coz he don't understand that you one of a kind
So sweet, so sexy and just so fine
I will fight 'til my death just to make you mine
I will never neglect you, never have time to stress you
And always respect you
Girl, you like a hidden treasure and I promise to love you
From now until forever, ooh para siempra mija
Te promento te voy a amar, hasta la muerte
I can love you like no one can
I can be your Superman
Just take my hand, let's fly away
I promise I'll be there everyday
Just close your eyes, let's start to fly
I'm gonna love you until I die
Until the day of my death to my very last breath
I'm gonna love you when no one's left
I'm the type of guy that will stand by your side
To wipe them tears when they fall from your eyes
I'm the one you hold when your night is cold
The one that stays near to fight away your fears
You ain't gotta be scared, see, I put a end to your ex
No more beating you up or pulling on your hair

See, I came to save the day
A man like that shouldn't treat you that way
And I don't understand why'd you take that route?
Look at yourself, you're beautiful inside and out
You need to drop that zero
Let me swoop you off your feet 'coz I could be your superhero
Do you follow my lead?
I guarantee you baby, I'm all that you need
See, you can change your plans
All you got to do is call on me and I can be your Superman
Will you be by my side for the rest of my life?
For the rest of my life, will you love me 'til I die?
I can love you like no one can
I can be your Superman
Just take my hand, let's fly away
I promise I'll be there everyday
Just close your eyes, let's start to fly
I'm gonna love you until I die
Until the day of my death to my very last breath
I'm gonna love you when no one's left
No one's left
'Til no one's left, 'til no one's left
Gonna love you, gonna love you
My Superman, my Superman
