God Gives Head In Heaven

Advisory - the following lyrics contain explicit language:

You pray to god every night when you are in bed
You want your god to come and take your pain away
Your Christian god will always say that he is your friend
But I know for fact that all he wants is to give you head
Join your faggot god
Christian faggot race
With open mouth he kneels
Ready to give head
God gives head in heaven
God gives head in heaven
He will swallow it all
Your filthy Christian seed
It ain't no big surprise
This is how your god is like
God gives head in heaven
God gives head in heaven
Forced to fuck your god
He wants it up his ass
Heaven is for faggots
Christian paradise
Now your god wants blood
He takes you from behind
Christian assholes bleed
Holy paradise
