

# Get Em Up

Paul Oakenfold

This right here is payback from way back, I don't play that  
This right here is payback from way back, I don't play that  
This right here is payback from way back, I don't play that  
This right here is payback from way back, I don't play that Recognize a real dime when you see mine  
And don't try and be one, ya fuckin' peon  
I been like Dion for eons  
You ain't nothin' but a biatch Messed around and let me re-up  
I come back through and tear the street up  
Ice Cube, nigga, you better D up  
And when I come by bitch, you better be up Ass up, face in the pillow  
I don't give a fizzle  
Got to do my bizzle  
The only nizzle that will never ever fizzle  
Original, you niggas know Gotta get 'em up  
(Who wants some?)  
You better get 'em up  
(Come get some)  
Gotta get 'em up  
(Who wants some?)  
You better get 'em up  
(Come get some) Gotta get 'em up  
(Who wants some?)  
You better get 'em up  
(Come get some)  
Gotta get 'em up  
(Who wants some?)  
You better get 'em up I got to get withcha  
Hit you with these things that I'm holdin'  
Who wanna squab with the frozen  
Now who wanna battle with the chosen?  
You niggas lotion, I'm no emotion  
I'm shrapnel from the explosion  
Hit you in the face while you posin' High as Jimi Hendrix  
I lined up ten dicks  
And took out appendix  
So go get forensics  
Let em know I'm Geronimo  
Till it's my time to go You better find your ho  
Get your babies and your mama

And move to Guantanamo  
Doubt my skills, I'm payin' my bills  
I'm up in the hills, you niggas are kills  
Even though I'm on a fucked up label  
You bitches know what I can bring to the table You gotta get 'em up  
(Who wants some?)  
You better get 'em up  
(Come get some)  
Gotta get 'em up  
(Who wants some?)  
You better get 'em up  
(Come get some) Gotta get 'em up  
(Who wants some?)  
You better get 'em up  
(Come get some?)  
Gotta get 'em up  
(Who wants some?)  
You better get 'em up This right here is payback from way back, I don't play that  
This right here is payback from way back, I don't play that  
This right here is payback from way back, I don't play that  
This right here is payback from way back, I don't play that I like bitches like you  
Find two wearin' light blue  
The freak get high too  
With a fly do  
Not a Erika Bado  
Thats lookin' for eye do Now what can I buy you  
Just to try you  
Need another bitch to lie to  
Need another bitch in my coupe  
Oh please can I trouble you  
For a double scoop A nigga needs some T 'nd A  
Now you can dick but you can't get no DNA  
I heard you was a big freak  
Bitch look down I got some big feet  
I like Mike and Ikes, I like watchin' dikes  
I like goin' to fights, I like earnin' my stripes in the book of life  
Theres only two women  
Big ol' good ones and good ol' big ones Gotta get 'em up  
(Who wants some?)  
You better get 'em up  
(Come get some)  
Gotta get 'em up  
(Who wants some?)  
You better get 'em up  
(Come get some) Gotta get 'em up

(Who wants some?)  
You better get 'em up  
(Come get some)  
Gotta get 'em up  
(Who wants some?)  
You better get 'em upGotta get 'em up  
(Who wants some?)  
You better get 'em up  
(Come get some)  
Gotta get 'em up  
(Who wants some?)  
You better get 'em up  
(Come get some)Gotta get 'em up  
(Who wants some?)  
You better get 'em up  
(Come get some)  
Gotta get 'em up  
(Who wants some?)  
You better get 'em up
