

# Expedicion

## Dune

We are on an expedicion...  
We are on an expedicion  
(To) find the moon is our mission  
When you look up to the sky  
Spread your wings and you can fly  
You can fly... (4x)  
We are on an expedicion  
(To) find the moon is our mission  
When you look up to the sky  
Spread your wings and you can fly  
We are on an expedicion  
(To) find the moon is our mission...
