Lonely Girl (Remastered)

Julie London

I'd love to meet some boy
Who I'd love because I'm such a lonely, lonely girl;
I'd like to be the girl
Some guy like to call his one and only, only girl.He doesn't have to be especially handsome,
As long as he cares for me and he's kind of romance-some!Please try to understand why I cry,
It's because I'm such a lonely, lonely girl,
Lonely girl,
Lonely girl.
