

Hero

The New Velvet

I'm still here, no I'm not gonna run away, yeah
I once feared, but that was in another day
Cause the world keeps turning, mine keeps burning
Now I'm thinking the joke's on me
The tide is rising, I'm alive and everyone's shouting my name
Fighting for the world
Every boy and girl is a hero now and then
So you know I can't pretend, I'm no simple man
I'm a warrior, when times get hopeless
We have all villains to conquer in our own little worlds
So step up and be a hero
For the ones you love
I'm knocking at your door
So why don't you come out and play
Who we were before doesn't matter anyway, yeah
Cause the world keeps turning, mine keeps burning
Now I'm thinking the joke's on you
The tide is rising, you're alive and what are you gonna do
Fighting for the world
Every boy and girl is a hero now and then
So you know I can't pretend, I'm no simple man
I'm a warrior, when times get hopeless
We have all villains to conquer in our own little worlds
So step up and be a hero
For the ones you love
Who's gonna tell the world 'don't be afraid'
Who's gonna be the one to show them
Only love can conquer this mess we made
Who's gonna be a hero
I'm still here, no I'm not gonna run away, yeah
Fighting for the world
Every boy and girl is a hero now and then
So you know I can't pretend, I'm no simple man
I'm a warrior, when times get hopeless
(We have all villains to conquer in our own little worlds)
When times get hopeless
(So step up and be a hero)
When times get hopeless, I'll be your hero
For the ones you love
For the ones you love
