

Phoenix from the Flames

Robbie Williams

Silence shields the pain
So you say nothing
Feel they've rigged the game
And you're done with lovin'
Only you can see the darkness in the northern lightsPhoenix from the Flames
We will rise together
They will know our names
Can you feel it
Shelter me from pain
I always wanna feel this way
Oh yeah
Just like a Phoenix from the FlameWish they'd take you back
Cos you miss heaven
Too many bags to pack
So leave them where they are
Tonight you're flying on a golden dreamPhoenix from the Flames
We will rise together
They will know our names
Can you feel it
Shelter me from pain
I always wanna feel this wayEverybody's talking
Nobody's listening
Too busy thinking about what you've
Been missing
Everybody said you're gonna take it
Too far baby now
Well come onWhen you're done with lovin'
It comes down to nothing
Can you feel it
Can you feel it
Can you feel itPhoenix from the Flames
We will rise together
They will know our names
Can you feel it
Shelter me from pain
I always wanna feel this way
Oh yeah
Just like a Phoenix from the FlamePhoenix from the Flames
We will rise together

They will know our names
Can you feel it
Shelter me from pain
I always wanna feel this way
Oh yeah
Just like a Phoenix from the Flame Why don't you come and deny it
You know you can't deny it
I always wanna feel this way
Just like a Phoenix from the Flames
