Harmonic

Signum

Well, I'll see you around, don't wanna stay and drown
The drama got too thick, makes me sick
And I don't wanna talk about it, I already thought about it
Stripped down of my pride, I shed the tears then dried these eyesBut It was fun at the start but maybe we're world's apart
Facing different ways, different plains
And I don't wanna drag it out and I just got to get on out
And leave it all behind, it's time so don't deny itWell, I wanna know, does it show on my face?
I'm sick of this place, I wanna move on
'Cause the feelin' is goneI wanna see, is it me out the door?
I told you before, I wanna have fun
And it's just begun, yeahI've seen the light tried to talk about it
If you were ever down for me, just stop and you'd see
You know I'm right and it showed in your eyes
What we shared had run empty, so let it be, let it beOh, I wanna know, does it show on my face?
I'm sick of this place, I wanna move on
Now there's one of us gone, yeahI wanna see, is it me out the door?
I said it before, I wanna have fun
And it's just begun, yeah
