

# Harmonic

## Signum

Well, I'll see you around, don't wanna stay and drown  
The drama got too thick, makes me sick  
And I don't wanna talk about it, I already thought about it  
Stripped down of my pride, I shed the tears then dried these eyes  
But It was fun at the start but maybe we're  
world's apart  
Facing different ways, different plains  
And I don't wanna drag it out and I just got to get on out  
And leave it all behind, it's time so don't deny it  
Well, I wanna know, does it show on my face?  
I'm sick of this place, I wanna move on  
'Cause the feelin' is gone  
I wanna see, is it me out the door?  
I told you before, I wanna have fun  
And it's just begun, yeah  
I've seen the light tried to talk about it  
If you were ever down for me, just stop and you'd see  
You know I'm right and it showed in your eyes  
What we shared had run empty, so let it be, let it be  
Oh, I wanna know, does it show on my face?  
I'm sick of this place, I wanna move on  
Now there's one of us gone, yeah  
I wanna see, is it me out the door?  
I said it before, I wanna have fun  
And it's just begun, yeah
