Wish Me Well

Andy Wade

WISH ME WELL

I am obvious to the movement all around
I hear the morning call and it's such a familiar Sound
I hear the morning songbird
And dam it down to hell
Long for the cold side of my pillow so wish me well

WISH ME WELL WISH ME WELL
CAUSE U NEVER CAN TELL
ITS A SIN ITS A SIN
OH THE MESS I AM IN
YOUR LOVE IS COLD
SO I BUILD A FIRE
YOU WALK AWAY WITH MY DISIRE
SO WISH ME WELL WISH ME WELL
WISH ME WELL DARLING WISH ME WELL

I wake up and my body's sore
ITake a trip to the Devils door
keep my head down but it's not enuff
To beat the taunts and the violent rush
Watch me laugh at unfunny jokes
Smile my way thu hellish knows
The score and what's more
Il repeat it all again and again and so

Chorus

Put me down make me cry
It's so easy If u try
I am weak as u know
And it's me who bears the load so
Keep me down where u need me to be
When even u know u should set me free
Make me feel trapped make me feel low
But the outside world do know so

Chorus x2

Come on and wish me well
